

# INVITATION: WEBINAR ON INTERNATIONAL LEVEE FAILURE DATABASE

Over the last 5 years the SafeLevee project team at TU Delft has investigated levee failures and has set up an open-access database (the [international levee performance database – ILPD](#)) with 1500+ levee failure and performance cases.

The SafeLevee project, the ILPD and future initiatives will be discussed at a webinar on **Friday 25th September** from **13.30 - 15.30** CEST.

## Program

Block 1: SAFElevee, the ILPD and its use (1 hr)

Block 2: International collaboration in collecting, sharing and analysing levee failures (1 hr)

## Attendance

Please confirm your attendance by emailing [leveefailures@tudelft.nl](mailto:leveefailures@tudelft.nl). More details will be provided prior to the event.
